MTIHANI WA KWANZA WA UTAMILIFU WA DARASA LA SABA-2023

KISWAHILI [01]

Muda: Saa 1:40

Tarehe: 27, Machi, 2023

MAELEKEZO

1. Karatasi hii ina kurasa nne zenye maandishi yenye sehemu A, B na C zenye maswali arobaini na tano (45).
2. Jibu maswali yote katika kila sehemu ya mtihani huu.
3. Jaza taarifa zote katika fomu ya **OMR** na ukurasa wenye swali la 41 hadi 45 nyuma ya fomu ya **OMR**.
4. Weka Kivuli katika kila tarakimu ya namba yako ya mtihani kwenye nafasi husika katika fomu ya **OMR**.
5. Weka kivuli kwenye herufi ya jibu lililo sahihi kwa swali 1 -40. Kwa mfano jibu ni A weka kivuli kama ifuatavyo

☒ [A]	☐ [B]	☐ [C]	☐ [D]	☐ [E]
--------------------------------------	---------------------------	---------------------------	---------------------------	---------------------------
6. Ukigundua kuwa herufi uliyowekea kivuli si jibu sahihi futa kivuli hicho kwa umakini kwa kutumia kifutio safi kabla ya kuweka kivuli katika herufi mpya.
7. Tumia penseli ya **HB** tu katika kujibu swali la 1 hadi 40; na kalamu ya buluu au nyeusi kwa swali la 41 hadi 45.

SEHEMU A (Alama 35)

Sikiliza kwa makini hadithi utakayosomewa na msimamizi, kisha jibu swali la 1 - 5 kwa kuandika herufi ya jibu lililo sahihi kwenye mabano.

1. Viumbe waliotajwa kwenye hadithi hiyo walitenganishwa na nini?
A. mvua B. ukame C. wadudu D. janga E. jua []
2. Mojawapo ya agenda za mkutano huo ilikuwa ipi?
A. kuongea B. kukutana C. kuchimba kisima D. kufarijiana E. kujuana []
3. Aliyesema kuwa hana nguvu ya kuchimba kisima alikuwa nani?
A. mdudu B. tembo C. simba D. ngamia E. ngedere []
4. Mwenyekiti wa kikao hicho alikuwa nani?
A. simba B. ngamia C. mbwa D. tembo E. mdudu []
5. Kutokana na habari, viumbe hao wote waliishi pamoja takribani miaka mingapi iliyopita?
A. mia moja B. kumi C. ishirini D. mitano E. sita []

Katika swali la 6 - 35, **weka kivuli** katika herufi ya jibu lililo sahihi ili kujibu swali au kukamilisha sentensi.

6. Habibu anajivunia matunda ya elimu yake. Kisawe cha neno anajivunia kipi?
A. pata mavuno B. patikana C. ona fahari D. farijika E. ona cha mtema kuni []
7. Ngavo alivaa nguo za kijeshi wakati wa mkutano. Neno **"za kijeshi"** ni aina gani ya maneno?
A. kiwakilishi B. nomino C. kivumishi D. kitenzi E. kiunganishi []
8. "Hicho ulichotaka sikupata lakini hiki nimekipata". Maneno **"hicho"** na **"hiki"** ni aina gani ya maneno?
A. v B. w C. t D. u E. e []
9. Chagua sentensi moja iliyo sahihi kimuundo kati ya zifuatazo;
A. atakuwa amejenga nyumba Baraka B. nyumba ikajenga Baraka
C. baraka atakuwa amejenga nyumba D. nyumba akuwa kajenga Baraka
E. baraka atakuwa nyumba kajenga []
10. Yule jambazi alikuwa akirandaranda hapa mtaani. Maana ya kurandaranda ni nini?
A. angalia angalia B. tembeatembea C. piga picha
D. randa mbao kwa kutumia msumeno E. piga jicho []
11. Watu waliparanganyana kutokana na kauli ya ugawaji wa mali za marehemu. Maana ya kuparanganyana ni nini?
A. kupendana B. kuelewana C. kutoelewana
D. kusaidiana E. kuhurumiana []
12. Tukio la uzinduzi wa mbio za mikoa ulifanywa na mheshimiwa kiongozi. Maana nyingine ya uzinduzi ni nini?
A. usainishaji B. utumishi C. uwakilishi D. ufunguzi E. utoshi []
13. "Maji ya kimwagika hayazoleki". Sentensi hii ipo katika kauli gani?
A. kutenda B. kutendeanana C. kutendwa D. kutendea E. kutendeka []
14. Matapeli walimghilibu yule mstaafu wakamwacha pale kituoni. Maana ya kumghilibu ni nini?
A. kumsaidia B. kumlaghai C. kumsitiri
D. kumpa pongezi E. kumzawadia []

15. Nyumba yangu imebomoka kwa sababu ya mvua. Neno mvua limetumika kama aina gani ya maneno;
A. kielezi B. kitenzi C. nomino D. kiunganishi E. kihusishi []
16. "Chuma kukatika _____" Ni maneno gani yanayokamilisha methali hiyo?
A. hakipo imara B. si mwisho wa uhunzi C. ni mwanzo wa uhunzi
D. si kosa la mhunzi E. ni lele []
17. Yona alikwenda kwao yapata miaka mia moja. Miaka hiyo inaitwaje?
A. mileniam B. muongo C. mlongo D. karne E. theluthi []
18. Msiba ulipotokea nilikwenda kumng'ata sikio mke wake. Maana ya nahau kumng'ata sikio ni;
A. kumnong'oneza B. kumfichua C. kumficha
D. kumsengenya E. kumpiga []
19. "Yeye atajua cha kufanya." Neno yeye ni nafsi ya ngapi?
A. ya kwanza B. ya pili C. ya tatu D. ya nne E. ya tano []
20. Makange anacheza vizuri sana. Mzizi wa neno anacheza ni upi?
A. a- B. -na- C. -cheza- D. -eza E. -chez- []
21. "Mbwa alibweka kwa sauti ya kutisha" Sentensi hii ipo kwenye wakati gani?
A. timilifu B. ujao C. uliopita D. uliopo E. unaoendelea []
22. "Shangazi alimwaga yale maji baharini". Amesema dada. Hiyo ni kauli gani?
A. taarifa B. halisi C. mazoea D. kutenda E. kuhimizana []
23. Usingekuja kwangu _____kwako. Neno linaloendana na maneno hayo ni lipi?
A. ningelikuja B. nisingelikuja C. nisingekuja
D. ningalikuja E. ningakuja []
24. "Waombao radhi ndio wakubalianao" Mtendwa ni nani?
A. yeye B. mimi C. wewe D. nyinyi E. wao []
25. "Mtaka cha uvunguni sharti ainame". Hii ni tungo gani?
A. ambatano B. sahihi C. shurutia D. changamano E. taarifa []
26. "Kaa anaogelea". Neno "**kaa**" lina silabi ngapi?
A. tatu B. mbili C. moja D. nne E. tano []
27. Kile chombo kimeibuka jana jioni. Hii ni hali gani?
A. timilifu B. mazoea C. ukanushi D. ulipo E. unaoendelea []
28. "Akimchukua hamrudishi". Jibu la kitendawili hiki ni lipi?
A. usingizi B. furaha C. kifo D. huzuni E. mwizi []
29. "Ashakum _____" Chagua maneno yanayo kamilisha sentensi hiyo;
A. ni matusi B. si matusi C. ni starehe D. hukumu E. mashaka []
30. "Nina Chemchemi isiyokauka". Jibu la kitendawili hiki ni nini?
A. kisima B. damu C. maji D. mate E. bahari []
31. Mvua iliponyesha pale jangwani, watu wa pale walianua malago kupisha mafuriko. Nini maana ya msemu huu?
A. walihamia B. walihama C. walijenga mahema
D. walizama E. walianika nguo []
32. "Devi alipofiwa na mwanaye alilia sana kwa upendo aliokuwa nao kwa mwanaye". Ni neno lipi unaweza kumwambia Dev ili kumtuliza kidogo?
A. kaza roho B. kata shauri C. angua kicheko
D. nanga imepaa E. vaa miwani []

33. "Usigombane na mkono ukushikao". Methali inayofanana na hii ni ipi?
 A. kidole kimoja hakivunji chawa B. usitukane wakunga na uzazi ungalipo
 C. nguzo moja haijengi nyumba D. mbio za sakafuni huishia ukingoni
 E. akusukumaye hutaka uanguke []
34. Malizia methali isemayo; "mwenda tezi na omo____"
 A. huja kesho B. huja ngomani C. marejeo ngamani
 D. huenda akaokota E. ndiye mla nyama []
35. Walileta sokomoko uwanjani. Maana yake walileta nini?
 A. vurugu B. amani C. furaha
 D. tija E. majonzi []

SEHEMU B: (Alama 05)

Chagua majibu kwenye kiboksi kukamilisha kifungu cha maneno yafuatayo

A. Safari	B. Bungeni	C. Suti maridadi
D. Kikao	E. Mswada	

Nilipoamka nilivaa (36) _____ na viatu vyeusi. Muda huo nikamwita dereva akaja na gari langu jeusi. Nikapanda (37) _____ ikaanza kuelekea Dodoma bungeni. Niliwasili (38) _____ Saa nane na nusu mchana. Wenzangu walikwishawasili Dodoma mapema. (39) _____ cha bunge kilianza saa kumi jioni (40) _____ wa sheria ya manunuzi ya mali za umma ulianza kujadiliwa.

SEHEMU C: (Alama 10)

Soma habari ifuatayo kisha jibu maswali ya 41 - 45 kwa kujaza nafasi zilizoachwa wazi katika karatasi maalum ya kujibia OMR.

Ni ukweli usioplingika kuwa, sekta ya viwanda ni kiini cha maendeleo ya nchi yoyote. Maendeleo ya viwanda yanauhusiano na sekta ya kilimo. Kilimo ni "uti wa mgongo wa uchumi wa Tanzania" Hii ni kwa sababu mkulima anakuwa na uhakika wa soko la bidhaa zake anazozalisha.

Dhana kuu ya kuanzisha viwanda ni kuimarisha masoko ya ndani ya nchi ili wananchi wafaidi jasho lao. Mfano, viwanda vya nguo huimarisha kilimo cha pamba. Viwanda vya sukari huimarisha soko la miwa na viwanda vya kusindika vinywaji baridi huimarisha kilimo cha matunda.

Mchakato wa kuwa na Tanzania ya viwanda utafanikiwa kwa sababu "penye nia pana njia" Ni jukumu la kila mmoja kuunga mkono jitihada za serikali ili kukuza uchumi wa kila mtu na Taifa kwa ujumla. Tufufue viwanda vyetu vya ndani tuzalishe vyetu na tusitegemee vya wengine thamini vyako usitamani vya mwingine.

Maswali.

41. Habari uliyosoma hapo juu inahusu nini?
 42. Kwa mujibu wa habari, dhana kuu ya kuanzishwa kwa viwanda ni ipi?
 43. Mwandishi anasema, ni jukumu la nani katika ujenzi wa viwanda vya Tanzania?
 44. Kutokana na habari uliyosoma, muhimili mkuu wa uchumi wa viwanda unategemea nini?
 45. Viwanda vya nguo vinategemea kilimo cha zao gani?

STANDARD SEVEN FIRST MOCK - 2023
SCIENCE AND TECHNOLOGY [05E]

Time: 1 Hour 30 Minutes

Date: 27th March, 2023

INSTRUCTIONS

1. This paper has four printed pages forty five (45) questions with sections A and B.
2. Answer all the questions in all sections.
3. Fill all the required information in the **OMR** form and the page with question number 41 - 45 on the back page of the OMR form
4. Write your Examination Number and then shade the digits of the number in the respective place on your answer sheet (**OMR**).
5. Shade the letter of the correct answer for each question in the answer sheet provided (**OMR**) for questions number 1 - 40. For example, if the correct answer is A shade as follows:

☒ A	☐ B	☐ C	☐ D	☐ E
---------------------------------------	----------------------------	----------------------------	----------------------------	----------------------------

6. If you have to change your answer, you must-rub out the shading very neatly before shading the new one. Use a clean rubber.
7. Use **HB** pencil only for questions 1 - 40, and a blue or black ink ball pointed pen for questions number 41 - 45.

2 032023 000205

SECTION A (40 Marks)

For Questions 1 – 40, choose the correct answer and **shade its corresponding letter** in the specific answer sheet (OMR) provided.

1. When Dad's car caught fire, our neighbour used a gas cylinder to put out the fire. Which gas do you think was in the gas cylinder?
A. Carbondioxide B. Oxygen C. Nitrogen D. Hydrogen E. Argon []
2. Grade six pupils in Roy Primary School were asked by their Science teacher to identify two examples of simple machines. Which pupil was correct?
A. bicycle and axe B. pulley and car C. scissor and opener
D. see-saw and Mortise lock E. knife and grain mill []
3. A man lifted 40kg by using a force of 200 newtons. Find the mechanical advantage.
A. 10 B. 2 C. 4 D. 200 E. 0.2 []
4. Grade Seven pupils in the laboratory placed a sample of blood on the microscope and saw a cell with a nucleus and an irregular shape. Which type of cell do you think it was?
A. Platelet B. Plasma C. White blood cell D. Thrombocyte E. Red blood Cell []
5. After a heavy rainfall in Kiteto Village, the road got covered with water and the Villagers created another path in Mzee Mrimi's compound. Which among the following safety signs would Mrimi put to stop people from using that path?
A.  B.  C.  D.  E.  []
6. Plants absorb water from the soil by a process called osmosis. Which of these does this task?
A. Tap roots B. Phloem C. Root hairs D. Leaves E. Roots buds []
7. Donald is a retired government officer. He wants to start rice farming but doesn't know which soil nature to do his farming. As a Science pupil, which soil nature would you advise him to farm on?
A. One which dries very fast B. One which is always flooded
C. One with moderate amount of water D. One with very large soil particles
E. One with alot of worms []
8. A boy started fire on dry grass using a lens. According to you, which type of lens did the boy use? A. Convex B. Concave C. Diverging lens D. Straight lens E. Double lens []
9. Which of the following types of wastes can be recycled?
A. plastic and food remains B. paper and used drycell C. iron and plastic
D. wood and cloth E. sewage and animal skin []
10. Mama Pio wanted to listen to another channel/Station on the radio. Which of the following parts did she use to attain her goal?
A. Meter band B. Volume button C. Antenna D. ON/OFF Switch E. Tuning button []
11. During a Science lesson, the teacher mentioned a fishing rod and another machine as third class lever. Which other machine did he name?
A. pairs of pliers B. broom C. wheel barrow D. claw hammer E. radar []
12. A patient was diagonised with breathing difficulties, high fever and painful sore in the throat. Which of the following diseases could it be?
A. Malaria B. COVID-19 C. Bilharzia D. Syphilis E. Typhoid []
13. Which among the following sources of energy is non-renewable?
A. Wind B. Natural gas C. Solar D. Biogas E. Water wave []
14. Arrange the following steps to show a correct order to send a text message on a mobile Phone.
i) Type the content ii) Switch on the phone iii) click the message icon
iv) enter the number of receiver v) click send
A. i, iv, iii, v, ii B. iv, i, ii, v, iii C. ii, iii, iv, i, v D. ii, v, iii, i, iv E. i, ii, iii, iv, v []
15. Which one of the following represents Ohm's law?
A. $V = \frac{R}{I}$ B. $R = V \times I$ C. $I = \frac{V}{R}$ D. $R = I \times V$ E. $I = \frac{R}{V}$ []

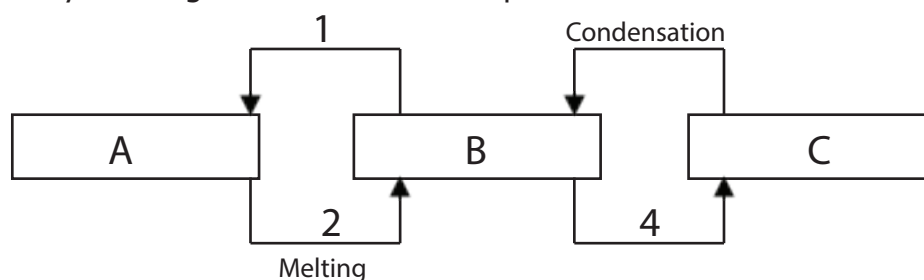

16. Which word explains an incidence where a bad smell from a rotten dead animal spreads and circulates the Surrounding places?
A. Transpiration B. Spray C. Osmosis D. Locomotion E. Diffusion []
17. When the mother bought different items from the market, she gave them to the house girl and put all of them in the freezer. After a day, the mother complained that some items had gotten spoilt in the freezer. Which among these could it be?
A. tomatoes B. Fish C. Juice D. Milk E. Sausages []
18. The agriculture offices in Kondon village listed NPK, DAP and CAN as fertilizers which enhance plant growth. What is the common gas element in all the listed?
A. Nitrogen B. chlorine C. Carbondioxide D. Oxygen E. Argon []
19. Twenty computers of a Primary School were burnt by the fluctuating electricity. As a pupil of ICT which device would you advice them to buy and install to prevent this from happening again? A. UPS B. CPU C. HDD D. Stabilizer E. water gaurd[]
20. Grade one pupils in Lwasa School caught and put grass hoppers in an empty water bottle and covered it. After a few minutes, all the insects were dead. Why do you think they died?
A. Lack of water B. Lack of food C. Lack of air D. Lack of hest E. Lack of care []
21. What happens to the density of an object if its volume is greater than its mass?
A. Density will be higher than one B. Density will be below one
C. Density will be equal to the volume D. Density will be equal to one
E. Density will be equal to mass []
22. Find the mass of a stone of density 0.8g/cm^3 if its volume is 40cm^3
A. 0.32g B. 320g C. 0.32kg D. 3.2g E. 32g []
23. When the Science teacher explained the process of generating electricity from water waves, he mentioned two causes of water waves. Which among the following was one of his answers?
A. Wind B. Rainfall C. Volcanic eruption
D. Hot springs E. mining []
24. Which of the following is not part of a balanced diet?
A. Carbohydrates B. Vitamins C. Lipids D. Roughages E. proteins []
25. Grade six pupils were asked to identify some of the symptoms of HIV/AIDS in groups of A-E. Which group gave a wrong answer?
A. Sores in the month and throat B. Loss of body weight C. Severe dry coughing
D. Bleeding from every opening of the body E. Time to time illness []
26. Why should an HIV infected pregnant woman be given more attention and medication?
A. to give birth faster B. to ensure safety of the unborn baby
C. to cure AIDS D. to kill the HIV in the unborn baby E. to enhance premature birth []
27. Which of the following is a correct observation from an experiment to prove that osmosis has taken place?
A. water level in the beaker increased B. salt solution turned into crystals
C. salt crystals remain unchanged D. water lever in beaker decreased
E. potato tissue metted to become a solution []
28. When Jonathan brought a new desktop computer at home, his daughter started playing with it by counting the keys on a Keyboard. If she counted correctly, what number did she come up with?
A. 209 B. 105 C. 24 D. 150 E. 06 []
29. Which of the following is not a bad effect of internet use?
A. Wastage of time B. Viruses C. Moral decay
D. Entertainment E. Online theft []
30. Which among the following is not an effect of poor waste management?
A. spread of diseases B. un pleasant smells C. nausea and vomiting
D. injuries and wounds E. increased body immunity []
31. Which disease can't be transimitted in a community among the following?
A. cancer B. Gonorrhoea C. Measles
D. Chicken pox E. Cholera []

32. Which sign shows the onset of adolescence in both boys and girls among the following?
 A. Development of breasts B. Growing of facial hairs C. enlargement of the penis
 D. Having soft voice E. Production sex gametes []
33. What is the name of the device which measures current?
 A. Voltmeter B. Ammeter C. Galvanometer D. Ohmmeter E. Rheostat []
34. How many steps are involved in writing a report after investigation?
 A. 2 B. 3 C. 4 D. 1 E. 6 []
35. Which of the following items sinks in water?
 A. Plastic bottle B. Coin C. Pencil D. Ballon E. Feather []
36. Urea is one of the body wastes excreted. Which body organ makes urea?
 A. Kidney B. Skin C. Liver D. Gall bladder E. Pancreas []
37. Which of the following changes is Irreversible?
 A. Stretching rubber B. Burning C. Dissoving sugar
 D. Heating a nail E. Ice becoming water []
38. Which of the following is not a good method to eradicate mosquitoes
 A. Sleep under mosquito nets B. Pour oil on stagnant water collections
 C. Spray insecticides a few hours before sleeping D. Have gardens near the house
 E. Cutting tall grasses []
39. Which blood vessel transports deoxygenated blood to the heart?
 A. Venacava B. Aorta C. Pulmonary vein D. Pulmonary artery E. Renal vein []
40. Which part is responsible for supplying food nutrients to the developing embryo in the mother's womb?
 A. Oviduct B. Ovary C. Cervix D. Placenta E. Amnion []

SECTION B (10 Marks)

For questions 41 – 45, write the correct answer in the blanks provided at the back of your OMR form.

41. State the reason why honey is applied on open wounds of a person who is burnt by fire.
42. Which property of light is explained by the formation a shadow of an object?
43. Which step of Scientific investigation is the law past?
44. Study the diagram and the answer questions which follow.

- a) Which letter represents the hardest state of matter?
- b) Name the process labelled 1.
45. a) Which blood vessel carries purified but deoxygenate blood from the kidney?
 b) Why do we urinate more frequently during cold days than hot days?

STANDARD SEVEN FIRST MOCK - 2023
SOCIAL STUDIES AND VOCATIONAL SKILLS [03E]

Time: 1 Hour 30 Minutes

Date: 28th March, 2023

INSTRUCTIONS

1. This paper has four printed pages, forty five (45) questions with sections A and B
2. Answer all the questions in all sections.
3. Fill all the required information in the **OMR** form and the page with question number 41 - 45 on the back page of the OMR form
4. Write your Examination Number and then shade the digits of the number in the respective place on your answer sheet (**OMR**).
5. Shade the letter of the correct answer for each question in the answer sheet provided (**OMR**) for questions number 1 - 40. For example, if the correct answer is A shade as follows:

[A]	[B]	[C]	[D]	[E]
-----	-----	-----	-----	-----

6. If you have to change your answer, you must-rub out the shading very neatly before shading the new one. Use a clean rubber.
7. Use **HB** pencil only for questions 1 - 40, and a blue or black ink ball pointed pen for questions number 41 - 45.

SECTION A (40 Marks)

For questions 1 – 40, choose the correct answer and shade its corresponding letter in the special answer sheet (OMR) provided.

1. Nowadays, many parts of Tanzania have unclear seasons. This has affected agriculture and some trade activities. What has caused this effect?
 A. volcanic mountains B. amount of wind C. climatic change
 D. change of soil types E. ocean currents []
2. Which crop among the following grows well in mountainous areas?
 A. banana B. millet C. coffee
 D. coconut E. maize []
3. Normally, winds from the sea or lake bring moist air towards coastal areas. What is the likely impact of this moist air?
 A. ice formation B. rainfall formation C. flooding
 D. volcanic eruption E. forest fire []
4. Which of the following activities was first developed by modern technology under the modern tool of modern Technological Age and done using a modern tool?
 A. ploughing B. iron age curving C. mat weaving
 D. pottery E. arrow making []
5. Turkey and Syria witnessed a 7.8 magnitude earthquake on 6 February 2023. These countries have since witnessed the following effects EXCEPT;
 A. death of over 40,000 people B. destruction of buildings C. destruction of environment
 D. disruption of electric system E. disruption of government []
6. Pupils of a certain school measured the amount of rainfall in a month. Which units did they use in recording?
 A. mg B. mm C. cm D. % E. degrees []
7. The maximum and minimum temperatures that are recorded in a day help to calculate the daily range temperatures. Which instrument helps in this process?
 A. Stevenson Screen B. anemometer C. thermometer
 D. galvanometer E. Campbell-stokes []
8. Among the following factors, which one is promoted by greenhouse gases and subsequently cause climatic change?
 A. global warming B. heavy rainfall
 C. increase in vegetation D. mining E. soil erosion []
9. What happens when there is an overflow of water from rivers, dams and lakes?
 A. heavy winds B. tides C. Tsunami
 D. floods E. sharp decrease in temperatures []
10. One of the political events recorded in Tanzania was registered on 5 February, 1977. Which event was this?
 A. birth of CCM B. beginning of Kagera war C. Zanzibar independence
 D. death of Karume E. death of Mwalimu Nyerere []
11. Which method of keeping records of historical events can easily be exaggerated and can be forgotten easily?
 A. written records B. museum
 C. archives D. anthropology E. oral tradition []
12. Why is a windvane important in the process of measuring and recording weather elements?
 A. measures wind speed B. it measures humidity C. it shows wind direction
 D. it determines air pressure E. it enables wind movement []
13. Among the following items, which one can help to identify and maintain the culture of an ethnic group?
 A. national festivals B. respect C. patriotism D. national song E. traditional dances []
14. Rehema is the head of her family, looking after her three siblings ever since their parents died. There are no family members to take care of them. Which type of family is Rehema's?
 A. childless B. grandparent C. orphan
 D. single parent E. adoptive []

15. Mizengo Pinda, Edward Sokoine, Joseph Warioba and Fredrick Sumaye are former leaders of our nation. Which leadership position makes them famous and common among them?
A. they were judges B. they were vice presidents C. are former regional commissioners
D. are former prime ministers E. are former permanent secretaries []
16. Among the following features, which one differentiates a clan from a society?
A. number of people B. work C. education D. age-set E. relationship []
17. Although people worked together during communalism, the production was low. They produced mainly for subsistence and not for sale. Why was the production low?
A. they had no leadership B. had no interest C. many were young
D. land was too scarce E. they had poor technology []
18. Chief Mkwawa was a ruler of the Hehe who organised the war against Germans between 1891 and 1898. What was his area of concentration?
A. Tunduru B. Kilimanjaro C. Pwani D. Iringa E. Kilwa-Kivinje []
19. Which factor among the following is a technique of neo-colonialism in dominating independent African countries?
A. giving loans with difficult conditions B. organising international sports C. developing vaccines
D. offering scholarship E. importing goods and services []
20. Among the following countries, which one was never colonised?
A. Nigeria B. Kenya C. Liberia D. Mauritania E. Malawi []
21. Among the following African leaders, who struggled for Mozambique to gain full independence from Portugal in 1975?
A. Samora Machel B. Kamuzu Banda C. Arap Moi
D. Ahmed Ben Bella E. Robert Mugabe []
22. Why do you think the citizens and leaders of SADC and EAC should work hard and build a strong economy?
A. to get full independence B. to avoid hazards []
C. to overcome some bloc challenges D. to expand their countries E. to maintain their culture
23. Among the following norms, which one can directly contribute to school dropout and emotional torture to people especially the girl-child?
A. property inheritance B. all taboos C. greeting strangers
D. early marriages E. male circumcision []
24. Rats are dangerous organisms in our living houses. They spread dirt and carry fleas which cause plague. Which other danger can rats cause?
A. eat stored food crops B. suck blood of humans C. can cause anaemia
D. put blood stains in clothes E. cause sleeping sickness []
25. What are some of the main ingredients in the process of preparing buns and cookies?
A. salt, sugar, cassava flour B. yeast, butter, potatoes C. potatoes, milk, lemon
D. wheat flour, sugar, eggs E. onions, oil, potatoes []
26. Which of the following things helps an actor on stage to portray a character reflecting the life experiences?
A. props and costumes B. audience and audibility
C. songs and poems D. poem and instruments E. shakers and bugles []
27. Identify a benefit of using both quality packaging materials and valid measurements in business;
A. to avoid expiry B. to increase size of goods C. to increase volumes
D. to attract customers E. to maintain budgets []
28. The following areas or things use maps EXCEPT;
A. land surveying B. navigation C. flying aeroplanes
D. Urban planning E. land following []
29. Which factors among the following determine the distribution of thick forests in some parts of Tanzania?
A. drought, famine B. tides, land type C. deforestation, mining
D. rainfall, altitude E. time, ocean current []

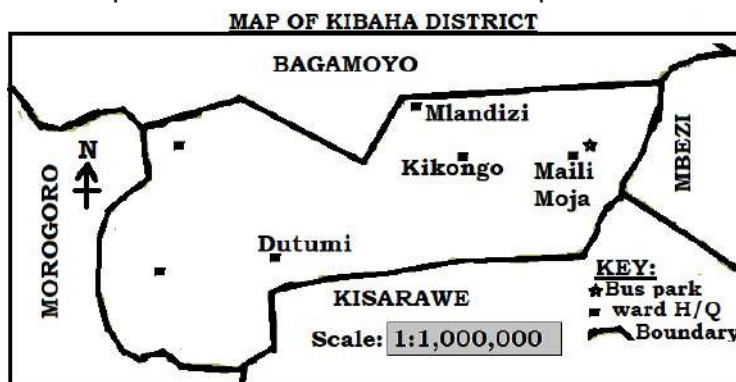

30. Which heavenly body in the solar system is a gas, thus, does not rotate, spin or move?
A. Jupiter B. Sun C. Moon D. Venus E. asteroids []
31. How long does the Earth take to revolve around the sun once, in a leap year?
A. $365\frac{1}{4}$ days B. 366 days C. 24 years D. 12 years E. 10 months []
32. Among the following economic activities, which one is done by most Tanzanians?
A. fishing B. trade C. shop selling D. agriculture E. pastoralism []
33. Shanny rears goats for a living. She leaves her goats to roam outdoors and graze themselves. Which practice of farming does shanny do? A. zero grazing B. free-range
C. semi-nomadic D. nomadic pastoralism E. tethering []
34. Mining is very important in the country as it increases national income. Identify a negative impact of mining activities among the following? A. soil erosion B. drought
C. heavy rainfall D. low hydro-electric power E. unwanted fish species []
35. Which resources provide raw materials to lumbering and paper production businesses?
A. fossil fuel B. fruit production C. livestock D. minerals E. forest []
36. You've been asked to educate citizens on the ways of preserving wild life resource. Which activity will you warn them never to do it?
A. poaching B. irrigation C. meat selling
D. harvesting honey E. picking fruits from forests []
37. Among the following, which one is not necessarily a cash crop?
A. bean B. sisal C. cotton D. coffee E. tea []
38. Industries is an important part of the economy. However, if not controlled, they cause the following effects EXCEPT; A. air pollution B. water contamination
C. noise effect D. loss of some animal species E. clearing land and deforestation []
39. Which of the following resources has a fixed size?
A. land B. livestock C. human resource D. vegetation E. fish []
40. Fresh water in Tanzania is made by some rivers and lakes. Which of these is a set of only lakes in Tanzania? A. Kagera, Rukwa, Ruvu B. Ruvu, Ruvuma, Rufiji
C. Rukwa, Eyasi, Nyasa D. Ruaha, Mikumi, Njimbo E. Pangani, Ruvuma, Wami []

SECTION B (10 Marks)

For questions 41 – 45, write your answer in the blank space provided at the back of your OMR form.

41. Outline 4 major effects of drought.
42. At a personal level, our friends help us, comfort us and are sympathetic to us. Identify 4 behaviours that may cause the end of friendship and cooperation among people.
43. Vests, underpants and knickers are important undergarments to be worn. Explain 2 importance of wearing such undergarments.

Study the map below and use it to answer question 44 and 45

44. How many kilometres on the ground represents 1cm on the above map?
45. (a) What is the direction of Morogoro on Kibaha map?
(b) How many ward H/Qs are located on the map?

**STANDARD SEVEN FIRST MOCK - 2023
MATHEMATICS [04E]**

Time: 2 Hours

Date: 27th March, 2023

INSTRUCTIONS

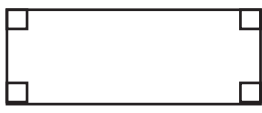

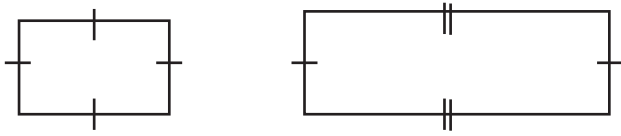

1. This paper has four printed pages with forty five (45) questions.
2. Answer all the questions in all sections.
3. Fill all the required information in the **OMR** form and the page with question number 41 - 45 on the back page of the OMR form
4. Write your Examination Number and then shade the digits of the number in the respective place on your answer sheet (**OMR**).
5. Shade the letter of the correct answer for each question in the answer sheet provided (**OMR**) for questions number 1 - 40. For example, if the correct answer is A shade as follows:

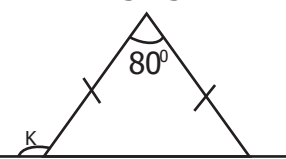

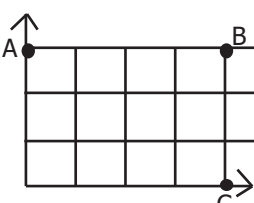

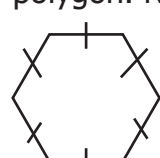

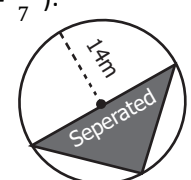

[A]	[B]	[C]	[D]	[E]
----------------	-----	-----	-----	-----

6. If you have to change your answer, you must-rub out the shading very neatly before shading the new one. Use a clean rubber.
7. Use **HB** pencil only for questions 1 - 40, and a blue or black ink ball pointed pen for questions number 41 - 45.

2 032023 000204

NO.	QUESTION	NO.	QUESTION								
	SECTION A (40 Marks) For each of the questions 1 – 40, work out the answer, then choose the correct option and shade its corresponding letter in the special answer sheet (OMR) provided.										
1.	Twice of a number plus 8 gives 20. Which algebraic equation is this, among the following? A. $y + 2 + 8 = 20$ B. $2y = 20$ C. $\frac{2y}{20} = 20$ D. $2y + 8 = 20$ E. $2y^2 + 8 = 20$ []	9.	A school term covers 49 weeks. How many days does it cover? A. 588 B. 7 C. 490 D. 1470 E. 343 []								
2.	If $a = 2$ and $C = -3$, Find the value of $2a - c$ A. 7 B. -7 C. 0 D. 1 E. -1 []	10.	A baby boy was born on 19th May 2021 at midnight. How many days had he lived at midnight of 2nd June 2021? A. $\frac{1}{2}$ a month B. 1 month C. $\frac{2}{3}$ of a month D. $\frac{1}{4}$ month E. 14 months []								
3.	Ruth scored an average of 84.6% in 6 examination papers. What was her total marks scored? A. 90.6 B. 507.6 C. 253.8 D. 846 E. 84600 []	11.	Mr. Rushu bought 3.02 kilograms of rice. How many grams did he buy? A. 3020kg B. 302g C. 3020g D. 30200g E. 302000g []								
4.	The teacher on duty recorded the attendance of pupils as shown below; <table border="1"> <tr> <td>Class 1</td><td>Class 2</td><td>Class 3</td><td>Class 4</td></tr> <tr> <td>48</td><td>20</td><td>60</td><td>28</td></tr> </table> If he represented this information in a pictograph and one picture representing 4 pupils, how many pictures were drawn in the graph? A. 156 B. 40 C. 39 D. 19.5 E. 400 []	Class 1	Class 2	Class 3	Class 4	48	20	60	28	12.	Annet walks $\frac{1}{2}$ km to school and the same distance back home everyday. How many metres does she walk everyday? A. 500m B. 1000km C. 1000m D. 1m E. 500km []
Class 1	Class 2	Class 3	Class 4								
48	20	60	28								
5.	Mother wokeup at 1115hours. At what time in 12 hour clock did she wake up? A. 23:15pm B. 11:15 hours C. 23:15am D. 11:15pm E. 11:15am []	13.	An electric jug can boil a maximum of 2.2 litres of water at a time. If mother boiled a total of 26400 millilitres, how many times did she use this electric jug? A. 22 B. 2.2 C. 12000 D. 12 E. 26.4 []								
6.	A company director uses 2hrs 24 minutes in every meeting. How many hours and minutes do 6 meetings take? A. 13hrs 44min B. 12hrs 80min C. 180hrs 12min D. 14hrs 24min E. 14hrs 44min []	14.	In a ward, 67km, 8dam 9m of the roads was constructed in January. In February, another 10km 9dam 2m were constructed. How long was the construction in the two months? A. 78km 7dam 11m B. 78km 8dam 1m C. 78km 8dam 1m D. 77km 18dam 1m E. 77km 18dam 11m []								
7.	Alex had a note of sh 10,000. He bought 3 cups each sh 800 and used sh 5000 for lunch. How much was he left with? A. sh 3600 B. sh 2600 C. sh 7400 D. sh. 2400 E. sh 4200 []	15.	A child drank 5ml of syrup everyday from 1st March 2020 to the very end of this month. How many litres of syrup did the child drink? A. 0.155L B. 155L C. 155000L D. 1550L E. 0.0155L []								
8.	A pen was sold at a loss of sh. 200. If it was sold sh 800, what was its buying price? A. sh 1000 B. sh 1200 C. sh 800 D. sh 600 E. sh 10000 []	16.	What is the sum of interior angles of the figure below?  A. 180^0 B. 90^0 C. 360^0 D. 540^0 E. 720^0 []								
		17.	What is the sum of lines of symmetry from the following figures?  A. 4 B. 8 C. 10 D. 12 E. 6 []								

NO.	QUESTION	NO.	QUESTION
18.	Calculate the value of angle K in the following figure.  A. 130° B. 180° C. 100° D. 60° E. 160° []	26.	How many 0.8 are in 9.6? A. 12 B. 0.12 C. 0.012 D. 24 E. 1.2 []
19.	On the xy coordinate figure below, what is the value of point B?  A. B(0, 4) B. B(4, 0) C. B(4, 4) D. B(3, 4) E. B (4, 3) []	27.	Sam bought $8\frac{1}{5}$ kg of rice and prepared $\frac{9}{10}$ kg . How many kilograms remained? A. $8\frac{1}{10}$ B. $8\frac{3}{10}$ C. $7\frac{3}{10}$ D. $7\frac{1}{10}$ E. $8\frac{7}{10}$ []
20.	The figure below represents a regular polygon. Name it.  A. Nonagon B. Heptagon C. Quadrilateral D. Pentagon E. Hexagon []	28.	A school uses 185.3kg of maize in a year. If 9.35kg remained last year, how many kilograms were bought that year? A. 175.95 B. 1759.5 C. 1085.65 D. 184.38 E. 194.65 []
21.	A triangular garden was seperated from a circular farm as shown below. What is the area of the farm that remained? ($\pi = \frac{22}{7}$).  A. $616m^2$ B. $42m^2$ C. $196m^2$ D. $2268m^2$ E. $420m^2$ []	29.	In the numeral 780369, which digit is in hundreds place value? A. 0 B. 8 C. 3 D. 6 E. 9 []
22.	What is the value of $(-16) \times (-1)$? A. 15 B. -16 C. 16 D. -17 E. +17 []	30.	A tailor made DCIX uniforms for a school. In words, how many uniforms did he make? A. four hundred and ten B. four hundred and nineteen C. six hundred and nine D. six hundred ninety E. six thousand and nine []
23.	List all prime numbers between 80 and 100. A. 81, 87, 89, 91, 97 B. 81, 89, 97 C. 81, 83, 91 D. 83, 89, 97 E. 81, 83, 89, 91, 97 []	31.	 Which fraction of the shaded part is represented in this figure? A. $\frac{1}{4}$ B. $\frac{1}{2}$ C. $\frac{1}{8}$ D. $\frac{2}{16}$ E. two-thirds []
24.	How many factors does 26 have? A. 1 B. 2 C. 3 D. 4 E. 5 []	32.	Write the mixed fraction you get after dividing 803 by 80. A. $1\frac{3}{8}$ B. $1\frac{3}{80}$ C. $3\frac{1}{80}$ D. $80\frac{3}{10}$ E. $10\frac{3}{80}$ []
25.	Sixteen girls were absent in a school which has 200 girls. Which percentage of girls was absent? A. 8% B. 80% C. 20% D. 16% E. 92% []	33.	Nine hundred thousand nine hundred and seventy four people in a region are farmers. What is this number of farmers to the nearest hundreds? A. 901,000 B. 900974 C. 900970 D. 900900 E. 901,074 []

NO.	QUESTION	NO.	QUESTION
34.	843 patients registered at KB hospital in September. The same number registered in October and again November. If 529 of the total number that registered were treated well, how many were not treated well in those months? A. 2000 B. 1686 C. 2529 D. 3372 E. 1529 []	38.	Which digit takes the place value of tenths in 803.25? A. 0 B. 3 C. 2 D. 5 E. 8 []
35.	Solve; $-84 + (-10)$ A. -94 B. +94 C. -74 D. +74 E. +104 []	39.	Which number has the highest number value among these; 2.8, 0.99, 2.098, 2.44, 3.00 A. 3.00 B. 2.44 C. 2.098 D. 0.99 E. 2.8 []
36.	If $\frac{1}{5}$ of 80 pupils in class are girls, how many boys are there? A. 16 B. 320 C. 64 D. 32 E. 580 []	40.	Which letter represents the fraction with the lowest value among the following? A. $\frac{1}{2}$ B. $\frac{1}{4}$ C. $1\frac{1}{10}$ D. $\frac{3}{2}$ E. $\frac{3}{100}$ []
37.	Express 0.32% as a pure decimal number to prove that you can apply number patterns. A. 0.32 B. 0.03200 C. 0.032 D. 0.0032 E. 3.2 []		

SECTION B (10 Marks)

For each of the questions 41 – 45, use a **blue** or **black** ink pen to work out the answer in the space provided in the **OMR** form showing all work clearly.

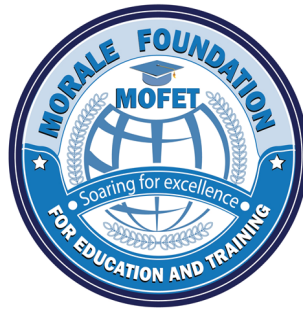

41. A carpenter makes 32 chairs in a month. How many chairs does he make in 2 full years?
42. In a math competition, the winner got the answer for $-3(5 - 9) + 1$ in a few seconds. What was his answer?
43. A village population of 6329 people doubled after 10 years, but 2016 people died during this period. How many people were there at the time of taking this data?
44. A poultry farmer sold 170 eggs and got a sum of sh 25500. If he sold 50 more eggs at the same price per egg, how much money did he collect in total?
45. Two pieces of a cloth are 12 metres and 24 metres long. If they have to be cut into piece of equal length, what would be the maximum length of each piece?

**STANDARD SEVEN FIRST MOCK - 2023
ENGLISH [02E]**

Time: 1 Hour 40 Minutes

Date: 28th March, 2023

INSTRUCTIONS

1. This paper has four printed pages, forty five (45) questions with sections A and B
2. Answer all the questions in all sections.
3. Fill all the required information in the **OMR** form and the page with question number 41 - 45 on the back page of the OMR form
4. Write your Examination Number and then shade the digits of the number in the respective place on your answer sheet (**OMR**).
5. Shade the letter of the correct answer for each question in the answer sheet provided (**OMR**) for questions number 1 - 40. For example, if the correct answer is A shade as follows:

☒ [A]	☐ [B]	☐ [C]	☐ [D]	☐ [E]
---	------------------------------	------------------------------	------------------------------	------------------------------

6. If you have to change your answer, you must-rub out the shading very neatly before shading the new one. Use a clean rubber.
7. Use **HB** pencil only for questions 1 - 40, and a blue or black ink ball pointed pen for questions number 41 - 45.

SECTION A (35 Marks)

Listen carefully to the passage read by the invigilator and then answer questions 1 – 5 by shading the letter of the correct answer on the special answer sheet **(OMR)** provided.

1. Who can pay parents?
 A. a poor person B. an important person C. the educated
 D. a millionaire E. none []
2. Who wrote the passage?
 A. mother B. father C. guardian
 D. hope E. hopeful []
3. What is the best title for the passage?
 A. the public B. the children C. our parents
 D. added value E. best guardians []
4. Which of the following vocabularies describes the writer?
 A. father B. mother C. orphan
 D. caretaker E. leader []
5. Which advise does the writer give to those with gardians?
 A. should be careful B. should take them as parents C. should not care that much
 D. should take them as siblings E. should work with them []

Choose the most correct words that complete the sentences in questions 6 – 35. **Shade** the letter of the correct answer on the special answer sheet (OMR) provided.

6. He _____ to Mwanza by next week.
 A. will travel B. shall travel C. travelled
 D. will be travelling E. shall be travelling []
7. Salim _____ a very good composition yesterday.
 A. write B. wrote C. writing D. writes E. written []
8. The pupils will _____ their pencils before exams.
 A. sharpen B. sharpening C. sharpened D. sharps E. sharpens []
9. They _____ for Tanga in a week's time.
 A. left B. has left C. will leave D. leaves E. have left []
10. I _____ not have forgiven him if he had not apologized.
 A. will B. shall C. should D. would E. could []
11. The hunter had _____ the antelopes
 A. chasing B. chases C. chased
 D. chassed E. will chase []
12. They are _____ their work now.
 A. summary B. summarize C. summaries
 D. summarizes E. summarizing []
13. Had you _____ already when I arrived?
 A. wrestle B. wrestled C. wrestles
 D. will wrestle E. wrestling []
14. The soldiers have _____ the national anthem.
 A. been sung B. been sang C. sang
 D. sung E. sing []
15. The cat chased a rat when it was _____ to its hole.
 A. going B. goes C. gone
 D. went E. go []
16. The English teacher usually _____ not like lazy pupils.
 A. do B. did C. does
 D. done E. doing []

17. You have _____ us a good example.
 A. give B. gave C. gives
 D. giving E. given []
18. If she _____ work early, she will go home.
 A. finish B. will finish C. finished
 D. would finished E. finishes []
19. Halima was cooking bananas when her mother _____.
 A. arrived B. arriving C. was arriving
 D. arrives E. arrive []
20. The monitor often _____ book for marking.
 A. collect B. collected C. collecting
 D. collects E. collectted []
21. She _____ loudly at the moment.
 A. speak B. speaks C. has spoken
 D. spoken E. is speaking []
22. We _____ our new president in 2025.
 A. have elected B. had elected C. shall elect
 D. elects E. are elect []
23. Good pupils _____ breaking school rules.
 A. hated B. hating C. are hated
 D. hates E. hate []
24. Young people are fond of _____ elders first, here in Africa.
 A. greeted B. greets C. greeting
 D. great E. were greeting []
25. Do you know if _____ the job?
 A. has finished B. he has finished C. he was finished
 D. does he have finished E. had finished []
26. Suprisingly, _____ Adam _____ Musa is in the group.
 A. either.....nor B. eitheror C. not only.....but also
 D. neither.....nor E. unless []
27. Our neighbour had _____ biggest guest house in Dar es Salaam.
 A. a B. an C. too
 D. the E. too []
28. The suspects came here _____ bus. The court session is in progress.
 A. by B. at C. in D. on E. with []
29. Excuse me sir, _____ please extend behind.
 A. could B. should C. would
 D. can you E. will you []
30. The first bell rings _____ 6:00am everyday.
 A. in B. on C. with
 D. by E. at []
31. Aflock is to sheep as a _____ is to ship.
 A. crowd B. herd C. fleet
 D. shipin E. gang []
32. A person who collects ancient works of art is _____.
 A. an artist B. an arsonist C. an assassin
 D. an Antiquary E. an civilian []

33. The home of scout is known as _____.
 A. tent B. barrack C. cell
 D. monastery E. igloo []
34. The opposite of the word "arrive" is _____.
 A. went B. depart C. go
 D. came E. departed []
35. Bitch is to dog as ewe is to _____.
 A. ewer B. cow C. ram
 D. pig E. pigeon []

SECTION B: (05 Marks)

Re-arrange these jumbled sentences 36- 40 in a logical sequence by using letters (A-E) so as to make **a meaningful composition**.

36. I worked hard to get promoted. []
37. Finally this year, I am in Class 7. Thanks to my teachers and parents. []
38. My effort will be seen at the end of the year. I need your prayers. []
39. Now, I need to do my best to excel in my NECTA-EXAMS 2023. []
40. Last year, in 2022, I was in class 6. []

SECTION C (10 Marks)

Read the following passage carefully and answer the questions that follow by writing the correct answers on the special answer sheet (OMR) provided.

East Africa is the part of the African land that is found in the eastern arm of the continent. It's composed of Tanzania, Uganda and Kenya. However, there are other two small countries that are not considered because of their time zone difference and these are Rwanda and Burundi. These countries are one hour behind the East African standard time. This means that if it is 9:00 am in East Africa, it is 8:00am in Rwanda or Burundi. They are considered to be part of central Africa. The Geographical East Africa shouldn't be confused with the East African Community. The latter is a political bloc which includes all the mentioned countries, plus DRC and South Sudan. There's also sychelles in the far East. This sychelles is one hour in front of East Africa. It is also expected to be part of East African community in the near future. So, when it is 9:00 Am in East Africa, it is 10:00am in Sychelles. Unlike Uganda, Rwanda and Burundi, Sychelles is an Island with a total area of 444km² . If you compare Sychelles with Tanzania which has 945,087 km² , it is more than 2000 times smaller than Tanzania.

Questions:

41. a) How many countries are named in the passage?
 b) Which countries mentioned are part of central Africa?
42. By how many hours is Burundi behind Kenya or Tanzania?
43. Why is Rwanda not considered part of East Africa?
44. Which political block is mentioned?
45. Name all countries mentioned that are not part of the geographical East Africa apart from Rwanda.
